2014 ADA Ramp Replacement Project Completion Notice

Project Information

The King County office of Housing and Community Development awarded the City of

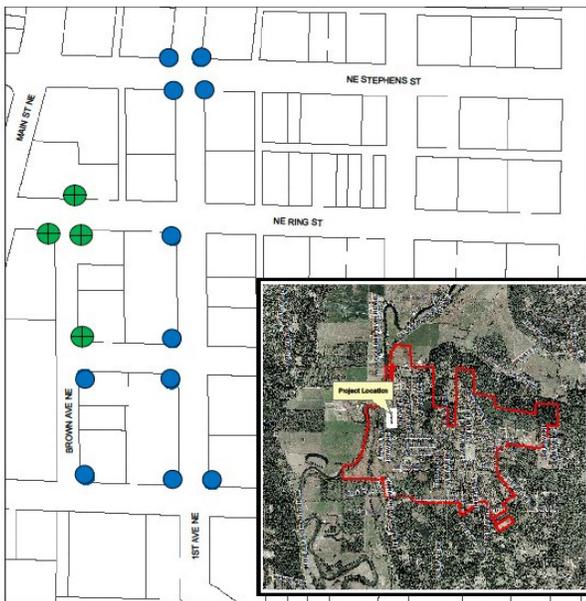

Duvall grant funding to design ADA accessible curb ramps, and \$60,000.00 of funding to remove and reconstruct existing curb and walkway barriers in the vicinity of NE Ring Street and Brown Avenue NE.

15 locations have been identified for replacement, with the four scheduled for replacement in 2014.

The new ADA ramps will provide improved access to local businesses and the Metro Bus Stop. The project began in mid-March of 2014 and was completed in phases as funding became available.

Contact Information

Please contact Alana McCoy, Project Manager, with any questions or concerns you may have at 425.788.3434 ext.8045 or alana.mccoy@duvallwa.gov.
