OFFICE OF THE MAYOR

BUDGET MESSAGE

I present to you the 2017 Budget for the City of Duvall. The budget is a living policy document that our City uses to plan for the future fiscal sustainability of our community. It is a forecast of expected resources and the purposeful investment of those resources to carry out the mission of community safety, service delivery and civic enhancement. The 2017 Budget is a balanced budget - beginning fund balances and resources equal ending fund balances and expenditures. Per Council policy, the General Fund is maintaining a 17% operating reserve, plus \$25,000 for emergency management; the utilities are also maintaining their reserves in accordance with Council policy. This budget begins to once again recognize several key responsibilities that previous budgets did not; we are proposing for the first time in many years to add resources back into the contingency fund, and to fully fund our Vehicle and Fleet Depreciation accounts. Most importantly this budget does not propose to use ending fund balance or REET funds.

However, this budget does propose new revenues in the form of additional fees and taxes; the decision of which was very difficult to make, but in my view is essential for the long term financial health and sustainability of our community. These include raising utility taxes on the Water, Stormwater and Sewer Utilities by 2% in addition to the 1.8% Consumer Price Index (CPI-U) inflation index, for a total increase of 3.8% to these utility rates. Additionally, the budget proposes to raise the Cable Utility Tax rate by 2% for a new total tax rate of 8%, and creating a new Technology Fee for building permits and licenses, in the amount of 5% of their total value, to recognize and pay for the essential costs of the computers, network systems and software that all city business depends on.

The City of Duvall is a full-service municipality serving a resident population of approximately 7,425. The municipal government will employ 42.65 people to deliver \$29.4 million in services during 2017. The City delivers a variety of services, including police, street operations and maintenance, water distribution, sewer collection and treatment, storm drainage, planning, zoning, building, and development permitting, and road, park, utility and building capital project development. As a full service City, our entire staff is spread throughout and across multiple departments. The budget reflects an adjustment to salaries between one and eight-tenths percent (1.8%) for Non-represented and Teamster represented employees and two percent (2.0%) for Police Union represented employees. There are also proposed increases in Labor and Industries (L&I) rates and Public Employee Retirement System pension rates (PERS). Medical insurance

costs will rise by four point five percent (4.5%). The water, sewer, and storm drainage utilities will incur their automatic Consumer Price Index (CPI-U) increase per Resolution 14-22, dated November 25, 2014. The CPI increase of One and eight-tenths percent (1.8%) is to cover the inflationary and contractual increases in the cost of labor and materials to operate the utilities, keeping them at healthy levels as required by the bonding agencies. These utilities are seeing a number of projects that will improve and replace some of the aging equipment we have.

We will also be investing nearly \$13 million dollars in capital projects. The projects include \$8.17 million for the Main Street/SR 203 Safety Improvements and Road Reconstruction and over \$930 thousand in Utility projects. Presuming the levy lid lift is approved by the voters in November, the City will also be investing over \$3.6 million in the Big Rock Ballfields Turf Project. Similarly, I am proposing we replace a 1988 dump truck (oldest vehicle in our fleet) and two police interceptors.

Economic development is also very important to our community. The 2017 Budget provides limited financial support to the Cultural Commission so community events can continue. Both the residents and the business community enjoy the benefits that result from the different events the City helps host. As with the 2016 budget, this budget does not provide funding for the community grant program. With the funding challenges we are facing, we cannot continue to fund these programs given other priorities.

It would be wise to mention that the inverted income versus revenue curve that many municipalities face is felt acutely here in Duvall. Simply put, the costs of doing the business of the City continues to grow faster than our revenues. We recognize we cannot, nor do we propose, a strategy that would seek to tax our way out of this dilemma. Adding to this financial challenge are the significant long term capital maintenance and ownership costs of high value infrastructure such as roads, bridges, water and stormwater infrastructure. These long term, high-value capital infrastructure components of the City will require a near term investment to ensure we are planning properly for the future financial health of the City, as they represent a significant financial commitment in future years that if ignored now, may have troubling long term financial and operational consequences.

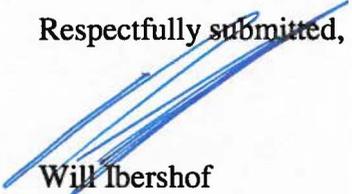

In conclusion, this was a difficult budget to prepare and present to Council and the community. Yet it does meet many of the goals that council and I have discussed over the last several months. The goals I maintained within the 2017 Preliminary Budget were to continue to provide the core services our citizens have come to enjoy and expect at a reasonable funding level. I feel we have accomplished these goals in the 2017 Budget.

Moreover, this budget continues one of the largest ever singular investments in Duvall's future; specifically, the completion of the Main Street South Project which will connect our community from north to south with transportation, utility and pedestrian and cycle safety improvements. The Main Street South Project also provides for continued landscaping, additional pocket parks and pedestrian refuges that enhance the look, feel and aesthetic of our growing community. Thank you to all City staff members who assisted me in preparing a balanced budget for 2017.

Finally, I sincerely thank Council for their hard work and diligence in working with City staff and me during 2016. It has been another challenging year where we have excelled in our efforts to maintain the high level of services our citizens have enjoyed and come to expect. This

partnership developed on trust and understanding has allowed us to manage our resources in such a way that we are able to present a balanced budget for 2017.

Respectfully submitted,

**ACCOMPLISHMENTS:**

- Completed a number of capital projects that benefitted sewer, streets, parks and public facilities.
- Increased representation on Regional Boards and Commissions.
- Continued to advocate and raise awareness for the City of Duvall as a center of regional strategic importance in King County and the State of Washington.
- Promoted within for Public Works Director and streamlined public works organizational matrix to provide better service and improve workflow.
- Hire (back) new Chief of Police

**EXPECTATIONS:**

- Continue to look for ways to reduce expenses
- Continue to implement more efficiencies in the operations of the day to day activities of the city
- The Mayor serves as the unifying voice and ceremonial figure head for the City at regional events and meetings.
- The Mayor is charged with developing regional partnerships, inter-governmental relationships and legislative contacts that raise awareness of/and serve to advance the interests and concerns of the City of Duvall.
- The Mayor is charged with developing community partnerships, relationships and contacts that raise awareness of/and serve to advance the interests and concerns of the City of Duvall.

- Engaging the council with proactive communication.
- Listening to the needs, wishes and goals of individual Councilpersons and communicating them to the Council as a whole.

**OVERVIEW OF ONGOING AND PRESENT ACTIVITIES:**

- Evaluate and consider the surplus of certain city properties.
- Lobbying and advocacy at all levels of government and regional boards.
- Maintain strong partnerships with the Fire District and School District.
- Continue to work on and develop capital projects such as Main Street and Big Rock Athletic Fields.
- Work to enhance economic development activities and realize measured outcomes.

**EFFICIENCIES IN 2017:**

- Developing efficiencies and accountabilities and provide recognition of them.
- Form more intergovernmental and regional partnerships to leverage resources.
- Took advantage of free trainings offered by new insurance carrier.
- Broadened partnership with Washington Cities Insurance Authority (WCIA).

**REVENUE GENERATED:**

- Consider funding the Municipal Transportation Benefit District (TBD).
- Explore creating a regional Metropolitan Parks District (MPD).
- Look for opportunities and create strategies for City Cultural Events to become more self-sustaining.
- Increase regional and local support and sponsorship of Duvall activities and events through enhanced sponsorships and donations.

**FUND:** General Fund (001-04)

**PROGRAM:** Finance and Administrative Services

**PROGRAM STATEMENT:**

The Finance and Administrative Services division consists of the Finance, Accounting, Utility Billing, and City Clerk functions.

The Finance division is responsible for managing the revenues and expenditures of the City's 2017 Preliminary budget of \$40.8M. Finance employs a full time Finance Director, Accounting Associate, Utility Billing Clerk, and a part-time Accountant. The Utility Billing Clerk provides utility billing and customer service for just over 2,600 utility customers. Of these, over 430 customers utilize our E-billing system that saves over \$1,250 a year in printing and postage costs.

The City Clerks' office is also included in this program and employs a City Clerk and an Administrative Assistant II. The City Clerk's Office authenticates, records, and maintains the City's official legislative acts. It assures compliance with legal requirements for Washington State Municipalities. The City Clerk is designated as the Public Records Officer for the City and serves as the designated agent for receiving claims against the City. The City Clerk's office schedules and coordinates City Council agendas and meeting packets prepares the City Council Meeting minutes, and provides legal and public notifications. The City Clerk's office also issues and tracks all business licenses, special event permits, pet licenses, newsletters, maintains the Board and Commission Roster, maintains the City's Ordinances and Resolutions and updates the Duvall Municipal Code.

**STAFFING LEVEL:**

Staffing level was reduced in 2016 by two P/T Accountant hours a week. Restoring the two Accountant hours is included in this Preliminary Budget. A percentage of the program positions are allocated out and funded in part by the Utilities and Street funds. Allocations are reconciled annually to match work output with funding source. The allocation to the general fund is shown below.

	<u>2015</u>	<u>2016</u>	<u>2017</u>
Total FTE (General Fund)	2.16	2.13	2.16

**ACCOMPLISHMENTS:**

- Worked to provide funding sources for Main Street and Big Rock Ballfields projects
- Finance and Clerk invested considerable effort into the November 2016 Levy Lid Lift and ballot initiative preparation
- Turned over the fiscal administration function for Coalition of Small Police Agencies to Lake Forest Park after serving in this capacity for over three years
- Created 247 page 2016 Budget Document in both bound and electronic format
  - Electronic version available at [www.duvallwa.gov/356/Budget-Documents](http://www.duvallwa.gov/356/Budget-Documents)
- Budget at a Glance brochure mailed to all Utility customers
  - Electronic version available at [www.duvallwa.gov/356/Budget-Documents](http://www.duvallwa.gov/356/Budget-Documents)
- Accurate and timely monthly, quarterly, and annual financial reporting
- Reorganized the front office space at City Hall to move Utility Billing out front to provide easier access by our customers who visit us in person

- Cross-trained staff in both paying our employees and our vendors as well
- Cross-trained staff in Clerk duties for Council meetings
- Created SharePoint site for 2017 team budget preparation and provided training on use
- Continue to promote E-bills and Automated Clearing House (ACH) / Direct Debit utility billing payment options. Currently 17% of customers receive E-Bills and 14% use Direct Debit.
- Meter reading equipment and software was upgraded by Sensus and IT
- Worked with Public Works team on replacing over fifty water meters
- The Clerk's office implemented a full electronic agenda packet process this year including uploading the packets onto OneDrive for easy access.
- Continued training for City Clerk and Administrative Assistant.
- Created templates for various forms, applications and policy documents.
- Created new Public Records Policy including supporting forms.
- Successfully managed an increasing workload of Public Records Requests.
- Provided professional administrative support to the City Administrator.

#### **EXPECTATIONS:**

- Continue to promote the use of E-bills to save on postage
- Continue to promote ACH, Merchant Transact, and Direct Debit as utility payment options
- Learn to better utilize our upgraded accounting software to improve reporting options and add bar coding to utility statements to scan payment receipts
- Successful audit of fiscal years 2014, 2015, and 2016 and federal single audit for 2016
- Continue to support our departments with the program-based budget process
- Support the departments as they continue to search for grants and low interest loans on key council supported projects
- Review purchasing procedures and implement a contract routing sheet
- Promote and assist with file organization throughout all departments to comply with State Retention Schedules.

#### **OVERVIEW OF PRESENT AND ONGOING ACTIVITIES**

The Finance and Administrative Program has a wide range of activities. These range from:

- Financial reporting and annual audit
- Accounts payable, accounts receivable, payroll and benefit administration
- Manage cash operations, investments, and debt for the City
- Internal controls oversight
- Revenue forecasting
- Annual budget preparation
- Preparation of finance policies, ordinances and resolutions
- Manage Municipal Code Supplement services.
- Ensure that Legal Notices are published and posted in accordance with RCW for all Council Meetings, Special Meetings, Ordinances, Council Public Hearings
- Attend Council and other meetings and prepare agenda packets and minutes
- Custodian of all official records and legal documents of the City
- Respond to public information/records requests and citizen complaints or requests
- Front office coverage including cash receipts, and customer service
- Business Licenses, Pet Licenses, Special Event Permits

- Website management
- Monthly newsletter
- Provide professional service support directly to the Mayor and City Administrator, Council, and Library Board
- Management of the Rose Room rental
- Contract management (janitorial, window cleaning, gutters, archiving)

### **EFFICIENCIES IN 2017**

Finance will focus on the following initiatives to help manage our costs and operate more efficiently:

- Change to annual audits to provide more predictability in annual costs.
- Issue debt to finance the Main Street and Big Rock Ballfield projects.
- Prepare a banking Request For Proposals (RFP) to save on rising banking costs.
- Explore investing options such as the King County Investment Pool to generate additional investment earnings.
- Bar coding on remittances to assist with cash receipting and miscoding's.
- Updates to numerous City Policies.
- Clean-up and organize files on shared drives.

The City Clerk's office will focus on the following efficiencies to help manage expenses and operate more efficiently.

- Continue electronic Council Packet distribution and look for ways to reduce the amount of paper used for other types of paper packets and communication.
- Records Management –continue to work to purge documents that can be sent to the State Archivist, destroyed, or managed off-site. Also work to reorganize and clean out Clerk files. (this will save space and improve efficiencies in responding to public record requests as well as reaching requests for council and staff).
- Contract Management - Work to come up with a contract routing sheet that requires everyone to have a signed routing cover sheet on any contract that they process. This routing sheet will also require the signer to document which allowable process was used in determining and authorizing the signing of the contract.
- Website – Continue to work on making the City Website even more user friendly and comprehensive by putting more fillable forms and often-requested documents online, thereby reducing the amount of paper forms and time spent filling records requests. Would like to put all ordinances, resolutions and policies online in 2017.
- Create new Special Event application and streamlined processes (this goal may be accomplished in 2016).

### **MANDATED PROGRAMS – FEDERAL AND STATE**

- RCW 43.09.200 – Compliance with WA St. Auditor's Budgetary, Accounting & Reporting System
- Quarterly and Annual Financial Reports
- Annual City Budget
- Annual Street Report
- Annual Financial Audit performed by Washington State Auditor's Office
- Submittal of financial information each year for continuing disclosure per Municipal Securities Rulemaking Board (MSRB) and City bond covenants
- Public Records Act (PRA)
- Open Public Meetings Act (OPMA)

- State Procurement Requirements – Small Works Roster, Bidding thresholds, etc.

**PROGRAM:** Planning Department Services

**PROGRAM STATEMENT:**

The Planning Department provides several services to the community (residents, business, and developers appointed commissions and elected officials – local, county, and state). Planning also internal services to building, engineering, public works/parks, and administration. Planning creates, implements, and manages zoning, critical areas, shoreline, floodplain, comprehensive plan, records management, and public art. Planning staffs the planning commission, council, land use committee (Council of the Whole), comprehensive plan/Zoning Code advisory committee (ad-hoc), Snoqualmie Watershed Forum, the ad-hoc Farm, Fish, and Flood KC advisory committee, KC Metro Services ad-hoc committee, KC Metro Alternative Services committee, and the Snohomish Basin Forum staff representative (WRIA). In 2016, the City entered into an agreement with King County to manage and implement a new KC Metro Program, the Duvall Community Van Program.

An integral part of planning’s daily roles includes permitting, inspections, grant writing and management, regulation management, community and business outreach, records management, regional coordination with King County, Puget Sound Regional Council, state and federal agencies, and interdepartmental coordination and cooperation. Planning staff is dedicated to providing prompt and courteous service.

**STAFFING LEVEL:**

Staffing levels in 2016 decreased from 2.5 to 2.44. Administrative support services were decreased to 69 hours per month in 2017. The LOS will remain with exception of adding .31 FTE for the Community Van Program. That program is fully funded by King County. Planning proposes to retain 2.75 FTE (no additional staffing requests).

**PROGRAM:** Building Department Services

**PROGRAM STATEMENT:**

The Building Department ensures the safety and welfare of those who live, work and visit Duvall by regulating the construction, use, and occupancy of buildings and structures through regulation management and interdepartmental cooperation. The building department staff ensures that building, electrical, mechanical, plumbing standards and other codes for construction are met through plan review, permit issuance and on-site inspections. After a construction project has been completed the department is responsible for maintenance of fire and life safety codes in non-residential buildings through an annual inspection program cooperatively administered by the City and Fire District 45 (FD45).

The Permit Center is the location for finding and submitting applications and obtaining permits for development, right of way uses, ball field reservations and new water and sewer connections. The Permit Center is a conduit to the Engineering, Parks, Planning, and Public Works departments. Permitting staff is dedicated to providing prompt and courteous service.

**STAFFING LEVEL:**

No changes were requested in 2017. However, additional FTE's, overtime, or subcontracted work may be required in 2017 should building department work load increase in association with the forecasted high level of residential development.

	2015	2016	2017
Total FTE (General Fund)	1.575	1.575	1.575

**ACCOMPLISHMENTS:**

- Conduct thorough and timely review of plans, specifications and engineering calculations.
- Implemented the recently created "Impact Fee Deferral" program.
- Completed 2016 International Residential Code Update and 2016 Duvall Municipal Code (DMC) Building Code Updates.
- Maintain public works inspection background and training to provide support to other departments (cross trained, in house, no costs).
- Maintained two week or less review timelines including planning department approvals associated with building permits.
- Provide technical assistance to the community, contractors, residents, business owners and other public agencies.
- Performed 284 Building inspections (through September 2016). (375 inspections completed during 2015).

- Typically issue 250 total permits annually. Permit types included are:
  - Additions
  - Clearing and grading
  - Commercial Buildings
  - Commercial Tenant Improvements (TI's)
  - Decks
  - Mechanical
  - Plumbing
  - Remodels
  - Single family residential permits generally make up the bulk of departmental revenues

**EXPECTATIONS:**

- Continue to conduct thorough and timely reviews.
- Continue to work proactively with developers.
- Support the engineering and planning departments with items outside the normal departmental duties for the benefit of entire development group.
- We anticipate we will maintain the current rates of residential building permit review and inspections in 2017 based on plat construction and development projects underway in 2016.

**OVERVIEW OF ONGOING AND PRESENT ACTIVITIES:**

- Assist and provide in-house design and review services for other departmental capital projects, keeping costs down while delivering professional results.
- Assure that buildings and structures are designed and constructed to comply with City, State and Federal codes and standards.
- Inspect all active building projects, including stormwater vaults, ensuring that inspections are occurring in the order and sequence required to determine compliance.
- Permit intake and routing: routinely, materials submitted for a permit require other city department review; the Permit Technician receives, distributes and collects comments for summary. Departments included are: Public Works, Planning, Fire, and Engineering.
- Provide upfront development review guidelines and insight to expedite permit turnaround.
- Researching and implementing Plan and Code amendments.
- Supports Engineering and Public Works by assisting with in-house revisions of the Public Works Development Design Standards including drafting and revising Standard Drawings using AutoCAD.

**EFFICIENCIES IN 2017:**

- Work proactively with current residents and business owners on permits other than single family residential (i.e. remodels or additions to homes or businesses). An example of this is the 2016 Wall Construction flyer with links to key forms and documents.
- Continuing to improve the departments function with efficiencies and technology by implementing a team-wide (Engineering, Building and Planning) use of electronic plan review for building permits.
- Complete in-house review of residential permits upon Plans Examiner certification.

**MANDATED PROGRAMS – FEDERAL AND STATE**

Implementation of state and nationally standardized codes including:

- International Residential Code.
- Washington State Energy Code.
- International Mechanical Code.
- International Fire Code.
- Uniform Plumbing Code.
- National Energy Code.
- International Building Code.

**PROGRAM:** POLICE DEPARTMENT

**PROGRAM STATEMENT:**

The purpose of the police department is to provide a safe environment for our community, while maintaining the highest level of professionalism, respect, honor, integrity and accountability, not only with the community we serve, but the entire criminal justice system in our area. Our program is to ensure that the values of free society are maintained and that the laws are enforced in a fair and impartial manner, recognizing both the statutory and judicial limitations of its authority and the constitutional rights of all persons. Additionally, this program values partnerships and transparency, providing for both educational and enforcement activities, through effective outreach programs and modern policing methods.

**STAFFING LEVEL:**

For 2017, our Police Department has increased by 1 commissioned officer, accounting for a full-time SRO, levy permitting. 2017 staffing levels account for 13 commissioned staff members and 1 police clerk.

	<u>2015</u>	<u>2016</u>	<u>2017</u>
<b>Total FTE (General Fund)</b>	<b>14</b>	<b>13</b>	<b>14</b>

**ACCOMPLISHMENTS:**

2016, found our police department undergoing transitions back to a full-time police chief, tasked with reducing overtime expenditures, identifying the need to work toward a better functioning police vehicle fleet, establishing a better overall culture in the department, and providing resolutions for officer burnout.

- Worked to establish a more consistent, professional Civil Service Commission
- Continued relations with our Local Fire Department & School District, resulting in joint training at Cedarcrest High School for active shooter response, incident command for active shooter response and rescue unit efforts/concepts
- As much as possible, provided a high level of police presence at Cedarcrest High School and Cherry Valley Elementary, reducing the number of incidents, from previous years
- Met all State & Federal training mandates
- Provided the City of Duvall with effective law enforcement service, maintaining it as one of the safest cities in King County
- On target to respond to over 2600 calls for service

- Provided numerous community outreach activities, including; R.A.D training for women, D.A.R.E., Car Seat Safety, Block Watch, Vacation/House Checks, National Night Out, Police Department Tours for local civic groups, etc.
- Implemented 5.0 Program for all commissioned staff, requiring 5 hours of monthly outreach efforts per officer
- Enhanced communication efforts with City staff and local government
- Created effective partnerships with local civic groups

#### **EXPECTATIONS:**

- Continue to provide a safe community through active patrol.
- Continue to enhance transparency with staff and community.
- Continue to provide police support for other departments and City activities.
- Continue to enhance our outreach efforts.
- Continue to improve department efficiencies to provide the greatest return on investment.
- Become more involved with drug education and enforcement.
- Become more involved with traffic and distracted driving campaigns, through education and enforcement.
- Continue to provide our community with high caliber, fully capable, qualified law enforcement staffing, through mandated and enhanced training efforts.

#### **OVERVIEW OF ONGOING AND PRESENT ACTIVITIES**

- Respond to calls for service, for our community, as well as assisting surrounding agencies in need
- Provide a consistent police presence in our community that continues to deter criminal activity
- Review and implement police operational policies and procedures (LEXIPOL) that continue to minimize risk and liability to staff, community and our City
- Keep apprised of and adhere to City, State & Federal policy requirements/mandates
- Provide community outreach programs through both, education and enforcement activities
- Establish and maintain healthy partnerships with community members, civic groups and other criminal justice entities
- Provide a safe place for others to live, work and play
- Insure staff is meeting State & Federal mandated training requirements
- Set and maintain standards and level of professionalism within the department
- Maintain effective working relationships with other City staff
- Maintain effective working relationships with the criminal justice system
- Maintain contracts related to the criminal justice system, i.e., courts, jails, prosecutors, public defenders, communications, etc.
- Continuously review department expenditures, identifying essential and non-essential programming, to ensure fiscal responsibility to our community
- Work with others to enhance programming that meets and/or exceeds the expectations of local government and our community, such as but not limited to; D.A.R.E., R.A.D., School Resource Officer.

- Continue to enhance community outreach programming through interaction, such as community involved presentations, FACEBOOK, Crime Mapping, National Night Out, and 5.0 Program
- Maintain accurate records of police activities, to include compliance with established record's retention standards
- Maintain preventive maintenance of all issued and assigned police equipment, to include; weapons systems, computers systems, police facility and police vehicle fleet operations
- Working to identify and implement an enhanced drug education and enforcement program for our community
- Establish a true succession plan that will continue to sustain the operational readiness of our department

### **EFFICIENCIES IN 2017:**

- Work proactively with our community, through outreach and education efforts. Doing so will create trust and support, limiting the time we spend on complaints, and justification of our program.
- Continue to improve the knowledge and understanding of our staff, for the fiscal responsibility we have to our legislative body and community, ensuring that staff are always providing a service, or return on that investment.
- Continue to identify available resources of others, so we aren't trying to create, establish and / or maintain programming that is more cost effective to simply ask for assistance from others.
- Continue to enhance our partnership with the Riverview School District, by providing a consistent presence at schools. Doing so will provide students and staff a liaison to our department, providing for a potential decrease in less-desirable activities, reducing the number of police responses that require several hours of officer time, preventing them from performing other activities in our community.
- Continue to work with our police union toward implementing a more efficient patrol schedule. By changing from a 12-hour patrol schedule, we will increase the health and welfare of our staff, as well as reduce costs associated with police staffing.
- Better identify the core group of officers that will be best suited for our agency and community, that will come here for the right reasons, and stay here long term. In doing so, we will reduce the high costs of turnover, to include overtime.
- Enhanced training efforts to establish succession planning. As a paramilitary organization, it is imperative that our staff are trained and prepared for unexpected absences of others. Each officer should know how to perform to the level of the officer above them. This will not only create effective career development of our staff, but will also provide for ongoing operational readiness, ensuring that our department will sustain the services we provide, regardless of when/who may be absent or decide to leave our agency.

### **Mandated Programs – Federal and State**

- 24 Hour Training Minimum per Officer (CJTC)
- ICS Requirements (FEMA)

**FUND**                    **GENERAL FUND – RECYCLING 001-09**

**PROGRAM:**            RECYCLING

**PROGRAM STATEMENT:**

The Recycling Program offers services such as the Annual Special Recycling Collection Event (SRCE), support for the Scout’s Annual Tree Cycling Event, Household Battery Collection through Duvall True Value Hardware, and Semi-Annual Shredding Events. The Program also does occasional special projects such as refrigerator magnets mailed to each Duvall resident giving tips on what you can/cannot recycle. These events and programs help to promote a safe and healthy City.

The Recycling Program is fully funded by non-matching grants from King County Local Hazardous Waste Management Program and King County Solid Waste Division. The Recycling Coordinator manages the application process, reimbursement requests, and all related documentation for the grant funds.

**STAFFING LEVEL:**

	<u>2015</u>	<u>2016</u>	<u>2017</u>
Total FTE (General Fund)	0	0	0

**ACCOMPLISHMENTS:**

The Recycling Program has reached a minimum of 350 households in the Duvall area every year during the Special Recycling Collection Event (SRCE). Over the past five years, over 200 tons (over 400,000 pounds) of waste has been diverted from landfills just from this one annual event.

**EXPECTATIONS:**

Host the annual recycling event and continue to support other recycling programs (ie. battery recycling) that occur in Duvall.

In 2017 the Recycling Program hopes to hold at least one shredding event in addition to the SRCE. This event will promote safe destruction of confidential records to help citizens prevent identity theft.

Assuming there are grant funds available, and because we have had a fairly large influx of new residents recently, we may create a new refrigerator magnet or something similar with recycling tips and information. This may be mailed or handed out at City Hall and with the Welcome Bags that the Chamber of Commerce distributes.

**OVERVIEW OF ONGOING AND PRESENT ACTIVITIES:**

The Recycling Program held the SRCE in July 2016 and will again in the summer of 2017. We will continue to encourage citizens to recycle throughout the year by supporting the Battery Recycling Program and introducing shredding events. We will advertise these programs via the City website, utility newsletter, and local newspaper where appropriate.

**EFFICIENCIES IN 2017:**

The Recycling Program will continue to look for vendors who provide services at the most cost effective rate possible. This entire program is grant funded by non-matching grants. If grant revenues are lower than previous years, funds will not be spent outside of the available amount.

Other Valley cities have been using a contractor that organizes and runs the annual recycle event. We will look at this as a possibility for future years. We will be looking to see if using an outside contractor will increase efficiencies for city staff or not. It is possible that by doing so, it would free up city staff time to focus on other important needs. Depending on the results of our research, this could be a transition that occurs in 2017.

**PROGRAM:** Parks Services

**PROGRAM STATEMENT:**

The Parks Services program serves as a key resource for our community. The Public Works department shares labor resources between parks, utilities, and roadway programs throughout the City. Staff is dedicated to providing prompt and courteous service to its citizens and visitors. Parks and recreation areas stimulate tourism, economic development, and enhance the quality of life for our community. The Parks group operates within the Public Works department and is responsible for managing, caring for and operating more than 14 sites encompassing nearly 45 acres of land including developed parks, playgrounds, entrance gateways, riverfront beach area, boat launch, sports facilities, Dog Park, Historic Dougherty Farmstead, Railroad Depot, and trails in McCormick Park and other areas.

Much care is taken to provide neat, clean and appealing parks to the community. With the addition of new parks, restroom facilities, and increased park usage the Parks program’s current staffing levels continue to be a concern as we add facilities and it becomes more difficult to maintain the current levels of service throughout the system.

**STAFFING LEVEL:**

Minor revisions to FTE distribution are proposed in 2017, however, no additional staff were added.

FTE'S	2015	2016	2017
Total FTE (General Fund)	1.9	1.7	1.95

**ACCOMPLISHMENTS:**

- Conduct thorough and timely inspections of all playground facilities (2 times per week).
- Keep playgrounds and grass areas well groomed.
- Manage sports field schedules for athletic fields and other park area rentals.
- No claims for injuries on City Parks in 2015-2016.
- Parks program also prepares grounds and assists with numerous City events such as Summerstage, Duvall Days, the Sandblast Arts Festival, Heritage Festival, Downtown Christmas Tree Lighting, and many more small events throughout the year.
- Preserve, repair, replace and upgrade all playground structures and equipment as needed.

**EXPECTATIONS:**

- Continue to be a resource for other city departments as they work on developing neighborhoods and new parks helping to make them efficient and cost effective to maintain and support.
- Continue to conduct thorough safety inspections limiting or eliminating accidents therein keeping insurance rates low.

- We anticipate a fairly large increase in residential building activity in 2017 which should continue to add parks, and to park demands making it difficult to maintain current levels of service without additional resources.

**OVERVIEW OF ONGOING AND PRESENT ACTIVITIES:**

- Currently maintain:

Type	#	acres
Community Park	4	26.4
Neighborhood Park	1	7.3
Playground / Pocket Park	8	10.5
<b>Total</b>	<b>13</b>	<b>44.2</b>

*Does not include Big Rock Ball Fields (fund 106)*

- Mow, weed eat, weed, landscape, clean & remove trash, as well as maintain: signage, irrigation, lighting, service contracts.
- Upkeep of Dougherty Farmstead grounds and structures.

**EFFICIENCIES IN 2017:**

- Keep equipment in good shape (mowers, weed eaters, vehicles, trailers) helping them run well.
- Procure a new trailer to help shuttle heavy equipment from park to park safely.
- Work proactively to have efficient maintenance routes to save fuel and labor time.

**MANDATED PROGRAMS – FEDERAL AND STATE:**

Implementation of state and nationally standardized codes including:

- State Labor and Industries
- Playground inspections are based on the latest American Society for Testing and Materials (ASTM) standards F1487-05, F2223-09 and the public playground safety guidelines set forth by the U.S. Consumer Product Safety Commission (CPSC). National Playground Safety Institute (NPSI) combines the guidelines and regulations from both organizations in an effort to simplify the inspection process so that nothing is missed.

**PROGRAM:** Cultural Commission

**PROGRAM STATEMENT:**

The City of Duvall Cultural Commission is made up of volunteers and is staffed by the Community Coordinator. Their purpose is twofold; to engage and bring the community together through the arts and culture making Duvall a great place to live and play, and expose audience members to local businesses through event partnerships and event locations. They produce cultural events, oversee the Community Event Grant process, manage the Public Art Selection Process for projects that are under the City’s jurisdiction, and work closely with other nonprofit organizations giving the City a visible presence in the community.

Community coordinator time is spent as follows:

50% Event Management; 45% Administrative tasks such as preparing for and attending meetings, reviewing and updating policies, managing budget, staff meetings, training, website content, grant applications and reports; and 5% Summer Guide (cost of printing and distributing Guide is covered by programs and ads).

**STAFFING LEVEL:**

S	2015	2016	2017
Total FTE (General Fund)	.6	.6	.4

**ACCOMPLISHMENTS:**

- Expanded SummerStage concert series and increased attendance to 3,500.
- Added new event “Plein Air Paintout” which brought artists from the greater Eastside.
- Worked with WCIA to incorporate their policies into our programs and documents.
- Installation of donation of public art “Mike Ball’s Hat”.
- Welcomed one new commissioner.
- Evaluated options for DCC website, changed host, updated.
- Established Northwest Art Center as fiscal sponsor for fundraising campaign
- Increased interaction with 4Culture to maintain Duvall’s visibility.
- Created new sponsorship opportunities.

**EXPECTATIONS:**

- Explore additional grant funding.
- Fine tune sponsorship and other fund raising resources.

**OVERVIEW OF ONGOING AND PRESENT ACTIVITIES:**

DCC’s ongoing programs are:

- Speaker Series 3-4 times per year - Speakers are scheduled on a variety of topics that reach a broad or specific audience. Costs are scaled to be appropriate for audience size. This is an informative and entertaining series that involves audiences we may not be reaching with other

programs. It is geared toward adults, but children are welcome to attend. Goals that are reached are informing the public and bringing an audience to downtown.

- Duvall Poetry (monthly) - Guest readers and open mic, brings local and out of area audience to downtown Duvall.
- Teen programing - teen musicians perform providing a local, free activity for teens. We are currently looking for a lead person for teen programming.
- SummerStage - The weekly free summer concert series in McCormick Park is a 16 year Duvall tradition appealing to a wide audience due to the variety of musical styles presented. Sponsorship loyalty is key and community donations were strong this year. Concerts feature regional artists, professional sound services, and utilizes the City's stage. The Beer & Wine Garden has strengthened our partnership with the Duvall Rotary Foundation.
- Duvall Art & Wine Walk - This event brings professional artists into downtown businesses for one Saturday. Businesses have the opportunity of 300 people coming through their door in one evening. The event goals are 1) To make art accessible to the community; 2) Bring new customers to local businesses; 3) Help artists reach a broad audience; 4) Educate the public on different types of art.

DCC now partners with Cascade Community Theatre who manages wine tasting during the Art Walk. The fund raising component's proceeds go to CCT/Friends of DCC and will be applied to Raise the Stage.

- Heritage Festival - This event was canceled by our partner, the Duvall Historical Society. DCC has plans to replace it with a new event in 2017.

**EFFICIENCIES IN 2017:**

**2016/2017**

- Utilized community partners to strengthen our programs and increase their community presence.
- Worked with WCIA to incorporate their recommendations into our forms and processes.
- Maximize sponsor and grant opportunities.
- Document event management processes to help volunteers understand their roles.

**PROGRAM:** Engineering Department Services

**PROGRAM STATEMENT:**

The Engineering Department provides design and construction management services, including field inspection, for the City’s capital construction projects. Additionally, they determine development standards and ensure compliance in the private construction of subdivisions including parks, roads and utilities. The division plans for long-range capital and infrastructure needs for parks, transportation, storm water management, water, and sewer. It prepares and executes architectural and engineering plans as well as manages consultant contracts and construction contract bidding documents. The Department is also responsible for the periodic review and update of utility related Comprehensive Planning and operations documents, and submitting these documents for review by the appropriate State agencies. There are outlying programs that require oversight and they are lumped into the Engineering Department including: NPDES and surface water compliance; Emergency Management; GIS program; technical support for planning efforts; and support other City Staff on issues related to engineering.

**STAFFING LEVEL:**

Staffing levels proposed in 2017 include consolidation of the Public Works Director and City Engineer positions with additional technical support provided by an Assistant City Engineer/Utilities Inspector hybrid position. No net new FTE’s were added as part of this efficiency.

- 4Culture 2015 (King County Arts) Saving Landmark grant for Dougherty Farmstead: \$20,000.

Grants applied for pending approval:

- Big Rock Ball Fields Lighting, RCO, \$275,000.
  - Safe Routes To School Sidewalk Project, 1<sup>st</sup> Avenue NE, Washington State Department of Transportation, \$440,113.
  - Complete Streets Grant, Transportation Improvement Board, \$250,000.
  - 2017 Overlay Project, Big Rock Road, Transportation Improvement Board, \$182,000.
  - Old Town ADA Improvements, Community Block Grant Program, \$200,000.
- Conduct thorough and timely review of plans, specifications and engineering documents.
  - Developed the first comprehensive and all-inclusive citywide Pavement Management System (PMS).
  - Maintain public works inspection background and training to provide to support other departments (cross trained, in house, no costs).
  - Provide coverage for Building department inspections and inquiries reducing consultant needs and saving costs.
  - Provide surplus management and sales of equipment, citywide.

**EXPECTATIONS:**

- Continue to conduct thorough and timely reviews.
- Continue to work proactively with developers.
- Support the building and planning departments with items outside the normal departmental duties for the benefit of entire development group.

**OVERVIEW OF ONGOING AND PRESENT ACTIVITIES:**

- Assist and provide in-house design and review services for other departmental capital projects, keeping costs down while delivering professional results.
- Assure that buildings and structures are designed and constructed to comply with City, State and Federal codes and standards.

- Emergency Management operations and Plan Update.
- 2016 Complete Street Program Policy Development and Adoption.
- 2016-2017 Transportation Plan Update.
- 2016-2017 Storm and Surface Water Plan Update.

  - Community Center
  - Depot
  - Dougherty Farm (Pea Patch, Pasture)
  - Rose Room
  - Tech Center (Selling and will closed in 2015)
  - Visitors Center
- Manage Eagle Scout projects for local youth.
- Manage grant funding for various City projects and programs, including regular reporting, coordination meetings, and billing that meets the requirements of the various granting agencies.
- Manage many volunteers with annual tracking now performed **(48.5 hours to date)**.
- Permit intake and routing: routinely, materials submitted for a permit require other city department review; the Permit Technician receives, distributes and collects comments for summary. Departments included are: Public Works, Planning, Fire, Building and Engineering.
- Provide upfront development review guidelines and insight expediting permit turnaround.
- Regional Hazards Mitigation Program development.
- Researching and implement engineering and construction related standards.

**EFFICIENCIES IN 2017:**

- Continue to apply to all available and appropriate grant programs.
- Continue to train and cross-train to maintain standard services with reduced staffing (vacancies, vacations, sickness, etc.).
- Continuing to improve the departments function with efficiencies and technology by implementing a team (Engineering, Building and Planning) wide use of electronic plan review for building permits.

**MANDATED PROGRAMS – FEDERAL AND STATE:**

Implementation of state and nationally standardized codes including:

- Cross Connection Report (DOH).

- Emergency Management Plan, ICS and NIMS.

**PROGRAM:** Fire Permit Services

**PROGRAM STATEMENT:**

Through an Interlocal Agreement between the City of Duvall and King County Fire District 45 this program serves as the resource for commercial fire permits. The International Building and Fire Code sets the standard for inspection requirements and with a partnership, our two agencies inspect and administer annual fire department permits. The service shares critical information helping business / building owners navigate fire and life safety codes in non-residential buildings through an annual inspection program cooperatively administered by the City and Fire District 45 (FD45).

The Permit Center is the location for finding and submitting applications and obtaining permits for fire inspection permits. The Permit Center is a conduit to the Engineering, Fire, Parks, Planning, and Public Works departments. Permitting staff is dedicated to providing prompt and courteous service.

**STAFFING LEVEL:**

The City does not account for staff time in this operational fund. In general, the Building Department supports this program.

	2015	2016	2017
Total FTE (General Fund)	0	0	0

**ACCOMPLISHMENTS:**

- Completed second year of formal program with FD 45 operating under an Interlocal agreement.
- Conduct thorough and timely inspections of commercial properties.
- Completed 36 Permits with associated inspections of which 21 were standard annual inspections in 2015. So far in 2016 we have completed 12 permits with associated inspections of which, 2 were annual inspections.
- Typically expected to issue 7-20 per year depending on business types and materials contents within businesses and/or buildings that would require the permit per the Fire Code.

**EXPECTATIONS:**

- Continue to conduct annual inspections increases first responder awareness and access to commercial structures.
- Continue to work proactively with business and building owners.

**OVERVIEW OF ONGOING AND PRESENT ACTIVITIES:**

- Assure that buildings and structures are inspected and safe for occupancy and use.
- Continue to provide the Inspection program with FD45 and increase business and building owner's awareness of the Building and Fire codes adopted by the City of Duvall.

**EFFICIENCIES IN 2017:**

- Work proactively to continue establishing the program with the building and business owners.

**FUND:** General Fund (001.99)

**PROGRAM:** Non-Departmental

**PROGRAM STATEMENT:**

The Non-Departmental Fund encompasses items that are not department specific, but are required and needed to carry out the duties and responsibilities of the city as a whole. This includes such items as basic office supplies and postage. This program fund also includes dues, fees and expenses for the many regional organizations of which the City of Duvall is a member of. These regional affiliations allow the city to be a proactive stakeholder at a regional and statewide level. Many of these organizations also allow the City to participate in various purchasing and administrative cooperatives resulting in substantial savings for the city in the areas of health care, and benefits administration and the state mandated “small works roster” program. This program also funds the King County Animal Control Interlocal Agreement.

**STAFFING LEVEL:** N/A

**ACCOMPLISHMENTS**

- Continued membership in important regional associations such as Association of Washington Cities, Puget Sound Regional Council and Sound Cities Association.
- Leased new postage machine which resulted in lower lease payments.
- Research costs of items before purchase to verify receiving best prices possible.

**EXPECTATIONS:**

- Support all city departments and operations in the most efficient manner possible. No excessive or unnecessary expenditures. Will order and use only what is absolutely necessary and needed.

**OVERVIEW OF PRESENT AND ONGOING ACTIVITIES**

- Large increase for 2017 is the property tax transfer to other funds from the levy lid lift (Cap Proj / IT)
- Review and payment of city attorney fees and charges
- King County Animal Control Interlocal Agreement funding
- General office supplies purchasing
- Professional services/records retention fee’s, charges and expenses
- Purchase of postage
- Puget Sound Regional Council membership dues
- Municipal research Services Center membership dues
- Association of Washington Cities membership
- Sound Cities Association membership
- Puget Sound Clean Air Agency (required)
- Washington State Labor and Industries Insurance Program (required)

**EFFICIENCIES IN 2017**

- Continue to seek out the best prices on supplies and equipment.
- Research possibility of entering into new lease agreement for printer/copier machines to take advantage of better technology and better pricing availability.

**FUND:** Contingency Fund (002)

**PROGRAM:** Contingency

**PROGRAM STATEMENT:**

The Contingency Fund was set up by Council in 2004 by Resolution 04-04 as part of the City's fiscal policies. The Contingency Fund reserve is to be maintained in accordance with RCW 35.33.145 to cover unknown operational adjustments, service demands or opportunities which may arise during the year. Contributions to the Contingency Fund are to be transferred from the General Fund when deemed necessary. All expenditures from the Contingency Fund shall have the prior approval of the City Council. The total amount held in the Contingency Fund shall not exceed thirty-seven and one-half cents per thousand dollars of assessed valuation of property (\$977,248,539 in 2016) within the City. For 2016, the maximum balance would not exceed \$366,468. 2017 final assessed valuation will not be known until after this budget has been adopted. In recent years, Council has authorized funds to be transferred to the general fund to help fund the Comprehensive Plan and Transportation Element.

**STAFFING LEVEL:** None

**ACCOMPLISHMENTS:** Comprehensive Plan completed in 2016

**EXPECTATIONS:** Transfer at least \$15,000 of one-time construction-related sales tax dollars into this fund in 2017.

**OVERVIEW OF ONGOING AND PRESENT ACTIVITIES:**

There are no expenditures planned for 2017.

**FUND:** STREET FUND (101)

**PROGRAM:** Street Services (O&M)

**PROGRAM STATEMENT:**

The Street Service program serves as a key resource for our community. This program is housed within the Public Works Department and shares labor between parks, utilities, and streets programs. We are dedicated to providing the highest quality services for our citizens, city employees, business owners, and visitors. The program strives to enhance the City’s infrastructure, while maintaining a safe roadway network.

Streets maintains and improves thirty-three (33) centerline miles of roadway. The program performs regular maintenance of roads, shoulders gravel base surfaces, traffic markings, signage, sidewalks and bicycle/pedestrian facilities, roadside vegetation control, snow and ice removal and control, and public right-of-way street lighting. Much care and attention is taken in providing a neat, clean and well cared for roadway network. With the addition of new subdivisions and roadway projects our ability to maintain the current levels of service will continue to be a concern in coming years as facilities are added. Providing a dedicated revenue resource and implementing the pavement management program would significantly decrease our roadway maintenance needs and expenditures over the long term. Currently the roadway network is maintained without adequate funding and at bare minimum levels that do not cover annual needs for roadway reconstruction and pavement maintenance.

**STAFFING LEVEL:**

Minor revisions to FTE distribution are proposed in 2017, however, no additional staff were added.

FTE'S	2015	2016	2017
Total FTE (General Fund)	2.747	2.422	2.67

**ACCOMPLISHMENTS:**

- Completed replacement of all Traffic Control Signage in the City to current retro-reflectivity standards.
- Created an entire Pavement Management System (PMS) in-house including:
  - Pavement rating data, system wide inventory and GIS Input and calculations.
  - Ranked and prioritized pavement maintenance and restoration needs.
  - Provided costs to maintain the roadway network include financing options, and a system wide approach.
- Coordinated with WSDOT for the design of the Coe Clemons Creek Culvert Replacement Project which will include installation of City requested improvements. Project has been advertised and construction begins this summer (2015).
- Successful design, permitting, and start of construction for the Main Street South Safety Improvement Project.
- Preserve, repair, replace and upgrade all travel ways as possible in the system.

**EXPECTATIONS:**

- Develop cost and funding alternatives for the roadway network to allow staff the opportunity to maintain the system appropriately (not adequately funded at this time).
- Complete annual crack-sealing (not completed in 2016 to date due to reduced staffing).

**OVERVIEW OF ONGOING AND PRESENT ACTIVITIES:**

- Currently maintain:

Type	miles
Collector Arterial	8.05
Minor Arterial	2.03
Neighborhood Collector	5.04
Principal Arterial	1.34
All Other	16.54
<b>Total</b>	<b>33.15</b>

- Coordinate with residents, businesses, and schools to address traffic concerns which help to ensure that we are providing a safe travel environment in all of our neighborhoods and business areas.
- Responsible for maintaining roadway landscape features (islands and bulbs) throughout Duvall including weed, landscape, clean and remove trash, as well as maintain signage, irrigation, lighting, and service contracts.
- The City coordinates and assists but does not maintain the three (3) traffic signals within the City limits of Duvall. Those are maintained by the Washington State Department of Transportation (WSDOT) per the Revised Code of Washington (RCW) 47.24.
- We coordinate the maintenance on ≈450 street luminaires operated by Puget Sound Energy.
- We will review all capital improvement and private development project plans for traffic signals, street luminaires, lane markings, and roadway signage issues, and will also review work zone traffic control plans for right-of-way use permits for any work in the streets.
- We work closely with other public agencies such as Washington State Department of Transportation (WSDOT), King County Metro, Sno-Valley Transit, Fire District 45, Duvall Police Department and King County Roads to coordinate operations on our systems to serve all modes of travel.

**EFFICIENCIES IN 2017:**

- Continue to utilize Interlocal agreements for construction and other roadway services (overlay and roadway striping) for road network.
- Keep equipment in good operating condition (crack sealer, rollers, paving equipment, vehicles, and trailers) increasing equipment lifespan.
- Work proactively to have efficient maintenance strategies to save fuel and labor time.

**MANDATED PROGRAMS – FEDERAL AND STATE**

Implementation of state and nationally standardized codes including:

- Drainage criteria- Currently adopted “King County Surface Water Design Manual”.
- MUTCD (Manual on Uniform Traffic Control Devices).
- NPDES (National Pollutant Discharge Elimination System) – runoff control.
- State Labor and Industries.
- WSDOT regulations.

**FUND:** SPECIAL REVENUE FUND (106)

**PROGRAM:** Big Rock Park Services

**PROGRAM STATEMENT:**

The Big Rock Park is a unique portion of the Parks program. It has dedicated City revenues from the general fund AND a dedicated revenue stream from field rental and use fees which is why it is separated from the general “Parks Program”. The program serves as another key resource for our community. The Public Works department shares labor between parks, utilities, and roadway programs throughout the City. Staff is dedicated to providing prompt and courteous service to its citizens and visitors. Parks and recreation areas stimulate tourism, economic development and enhance the quality of life for our community. This group operates within the Public Works department and is responsible for managing, caring for and operating this 9.75 acre site which contains: a playground, one 250’ foot baseball field, one 285’ baseball field, one full size soccer field, the city skate park, graffiti wall, storm detention facilities, picnic areas, plaza, temporary restrooms, and a 113 stall parking lot (5 ADA stalls included).

Much care and attention is taken in providing neat, clean and appealing parks to the community. With the addition of new facilities and an increase in park usage it has become difficult to maintain the current service levels at Big Rock Park and throughout the system. The Big Rock Parks program’s current staffing levels will continue to be a concern in coming years.

**STAFFING LEVEL:**

Minor revisions to FTE distribution are proposed in 2017, however, no additional staff were added.

FTE'S	2015	2016	2017
Total FTE (General Fund)	0.35	0.35	0.38

**ACCOMPLISHMENTS:**

- Completed design and permitting for the proposed 2016-2017 Field Turf Improvement project pending 2016 Levy approval. The project includes field turf replacement at the soccer field and east baseball field along with associated lighting, drainage, parking, and fencing improvements.
- Submitted three grant applications and packages for field renovation, site improvements and installation of synthetic turf in the upper baseball and soccer fields. **Successfully** obtained \$500,000 to convert fields #1 and #2 to synthetic field turf and waiting for funding decision on a \$250,000 lighting grant and \$75,000 Youth Sports grant.
- Assumed full site mowing and maintenance.
- Completed turf / infield revision project adding ≈6,000 of grass turf. This will add to the increase in use of the site for baseball and for soccer.
- Conduct thorough and timely inspections of all playground facilities (2 times per week).
- Keep playgrounds and grass areas looking great!
- Manage sports field schedules for athletic fields and other park area rentals.

**EXPECTATIONS:**

- Continue to conduct thorough safety inspections limiting or eliminating accidents therein keeping insurance rates low.
- We anticipate a fairly large increase in residential building activity in 2016 which should continue add to park demands making it difficult to maintain current levels of service without additional resources.

**OVERVIEW OF ONGOING AND PRESENT ACTIVITIES:**

- Mow, weed-eat, weed, landscape, clean and remove trash, as well as maintain signage, irrigation, lighting, and service contracts.
- Provide data to the City Council relative to the proposed Field Turf improvement project.

**EFFICIENCIES IN 2017:**

- Keep equipment in good operating conditions (mowers, weed eaters, vehicles, trailers) improving performance and life span.

**MANDATED PROGRAMS – FEDERAL AND STATE:**

Implementation of state and nationally standardized codes including:

- NPDES (drainage considerations).
- Playground inspections are based on the latest American Society for Testing and Materials (ASTM) standards F1487-05, F2223-09 and the public playground safety guidelines set forth by the U.S. Consumer Product Safety Commission (CPSC). National Playground Safety Institute (NPSI) combines the guidelines and regulations from both organizations in an effort to simplify the inspection process so that nothing is missed.
- State Labor and Industries

**FUND:** 206 – 2017 Long Term General Obligation (LTGO) Debt Fund

**PROGRAM:** Debt Service Fund for Main Street and Big Rock Ballfields debt issuances

**PROGRAM STATEMENT:**

The City of Duvall will issue General Obligation long-term debt to finance a portion of the Main Street Project via General Obligation bonds or a Private Placement.

Assuming that the Levy Lid Lift ballot measure passes on November 8, 2016 this fund would also account for the issuance and future debt service related to debt to be repaid from the additional property tax levy.

The funds are receipted to the debt service fund which then transfers the money to the construction funds as applicable.

This fund is also where funds will be transferred to on a monthly basis to accumulate the semi-annual debt principal and interest payments and then disbursed to pay the bondholders via fiscal agent.

**STAFFING LEVEL:** N/A

**EXPECTATIONS:** REET, Impact Fees, Property Tax, and TBD are the currently identified potential funding sources to repay the debt service. The amounts and timing of the associated Principal and Interest payments are unknown at budget time and will be added as budget amendments when more is known.

**PROGRAM:** Real Estate Excise Tax #1 (REET 1)

**PROGRAM STATEMENT:**

REET is a 0.5% tax on the sale of real estate inside our city limits and, per state law (RCW 82.45.060), is restricted to expenditures on long-range capital and infrastructure needs. REET 1 is the first ½ of the 0.5% collected (or 0.25%). The Engineering Department provides design and construction management services, including field inspection, for the City’s capital construction projects.

Capital projects are public works projects of a local government that involve planning, acquisition, construction, reconstruction, repair, replacement, rehabilitation, or improvements of the following: streets, roads, highways, sidewalks, street and road lighting systems, traffic signals, bridges, domestic water systems, storm and sanitary sewers, parks recreational facilities, law enforcement facilities, trails, administrative and/or judicial facilities, plus river and/or waterway flood control projects.

**STAFFING LEVEL:**

Historically staff time has not been allocated to the capital project funds. The City had discussions during the 2014 budgeting process and Council supported the proposition that the capital funds should share the costs associated with implementation of projects, including the allocation of staffing time to the funds for project support. The theory is to show tracking and all costs associated with city capital projects including project management. In general, the Engineering Department staff (001.21) supports projects within this fund. No Staff have been charged to REET in the 2017 Budget:

	2015	2016	2017
Total FTE (REET 1 Fund)	0.06	0.05	0.00

**ACCOMPLISHMENTS:**

- Coe Clemmons Creek culvert replacement project run through this fund. Partially grant funded.
- Programmed to use for debt reduction for the Main Street South project (up to \$125K/year for up to 15 years for REET 1 fund).
- Programmed to use \$100K as City contribution to Big Rock Ballfields project in REET 1 in 2017
- Plan for Public Works Maintenance Shop improvements to be completed by Staff (\$6K Total REET 1 Expenditure in 2017)
- Taylor Park Wall ongoing \$7,580

**EXPECTATIONS:**

- Continue to support the City’s capital needs with this fund.
- Continue to work proactively with our utility funds / projects to combine projects for a higher realization of construction cost efficiencies.
- We anticipate a fairly large increase in residential construction in 2017 based on construction related private development projects underway in 2016 and the strong housing market in Duvall and on the Eastside. This increase should add to this funds balance providing additional resources to complete important projects and enhance our community.

**OVERVIEW OF ONGOING AND PRESENT ACTIVITIES:**

- Continue to monitor funds and potentially add construction projects from the City capital improvement project lists.

**EFFICIENCIES IN 2017:**

- Continue to incorporate utility projects with capital projects as appropriate providing construction cost efficiencies.

**MANDATED PROGRAMS – FEDERAL AND STATE:**

Implementation of state and nationally standardized codes including:

**FUND:** CAPITAL PROJECT FUND (305)

**PROGRAM:** Real Estate Excise Tax #2 (REET 2)

**PROGRAM STATEMENT:**

REET is a 0.5% tax on the sale of real estate inside our city limits and, per state law (RCW 82.45.060), is restricted to expenditures on long-range capital and infrastructure needs. REET 2 is the second ½ of the 0.5% collected (or 0.25%). The Engineering Department provides design and construction management services, including field inspection, for the City’s capital construction projects.

The difference between REET 1 and this fund, REET 2 is that it allows maintenance (O&M) costs to become eligible for use and does not allow for the acquisition of land for parks. There is a limit, however, on how much can be spent on O&M and these regulations will change in 2017. After December 31, 2016, the maximum amount of REET 2 that may be spent on O&M is the greater of \$100,000 or 25 percent of the available funds, not to exceed \$1 million per year. Counties only may use REET 2 revenues to pay existing debt service on capital projects listed in RCW 82.46.010(6) - the kinds of capital projects that may be done with REET 1 revenues.

Capital projects are public works projects of a local government that involve planning, acquisition, construction, reconstruction, repair, replacement, rehabilitation, or improvements of the following: streets, roads, highways, sidewalks, street and road lighting systems, traffic signals, bridges, domestic water systems, storm and sanitary sewers, parks, recreational facilities, law enforcement facilities, trails, administrative and/or judicial facilities, plus river and/or waterway flood control projects.

**ACCOMPLISHMENTS:**

- Continue annual set-aside for Eagle Scout projects (\$8,650). The City continues to set aside funds to help Eagle Scouts improve Duvall and leave a legacy while at the same time assisting them in fulfilling their hope of becoming an Eagle Scout. Recent projects include:
  - Big Rock Sports Park Playground.
  - Deck at Depot Building.
  - Depot Park Fire Pit.
  - Hix Park reconstruction (Spider web climbing structure).
  - Milk Barn, Bunk House, Garage, Loafing Sheds and ADA ramp restoration all at the Dougherty Farm.
  - Cedarcrest High School “Paw Prints” on NE 150th Street.

- Coe Clemmons Creek culvert replacement project run through this fund. Partially grant funded.
- Programmed to use for debt reduction for the Main Street South project (up to \$125K/year for up to 15 years for REET 2 fund).
- Programmed to use \$100K as City contribution to Big Rock Ballfields project in REET 2 in 2017
- Plan for Public Works Maintenance Shop improvements to be completed by Staff (\$6K Total REET 2 Expenditure in 2017)
- Taylor Park Wall ongoing \$7,580

**EXPECTATIONS:**

- Continue to support the City’s capital needs with this fund.
- Continue to work proactively with our utility funds / projects to combine projects for a higher realization of construction cost efficiencies.
- Support WSDOT’s efforts of rebuilding the culvert under SR203 (aka Main Street) just south of Valley Street to accommodate bike lane and sidewalk installation in the near future
- We anticipate a fairly large increase in residential construction in 2016 based on construction related private development projects underway in 2015 and the strong housing market in Duvall and on the Eastside. **FUND:** CAPITAL PROJECT FUND (306) – STREETS

**PROGRAM:** Main Street South Project

**PROGRAM STATEMENT:**

Historically the City has utilized this fund for large capital construction projects. With the Main Street Reconstruction project it has been proven most efficient and clear to host the project out of one fund. The appropriate fund transfers will be made to support the project (i.e. prorated share of water system work, sewer system work, roadway work, etc.). The project cost, as awarded in 2016, is ≈ \$8,100,000 therefore we will have many invoices, contractors, service providers and items to track and manage and if we were to utilize other funds in a shared way, the total project cost summary would have a risk of not being entirely accurate. Utilizing one fund is the best approach.

**STAFFING LEVEL:**

Historically staff time has not been allocated to the capital project funds. The City had discussions during the 2014 budgeting process and Council supported the proposition that the capital funds should share the costs associated with implementation of projects, including the allocation of staffing time to the funds for project support. The theory is to show tracking and all costs associated with city capital projects including project management. In general, the Engineering Department staff (001.21) supports projects within this fund however with the Main Street project being a large focus and high priority for the City, we are allocating 0.72 FTE of one Project Manager to the fund to manage the project.

**ACCOMPLISHMENTS:**

- Main Street South Improvements including Design, Right-of-Way, Construction, and Coordination with WSDOT for the project and management of the City's consultant, KPG. The project is currently under construction. Staff has applied for many grants and was awarded grants in the amount of:
  - \$580,000 for design of this project from the Puget Sound Regional Council (PSRC) -2014
  - \$500,000 for construction of this project from the Washington State Legislature -2015
  - \$1,052,070 for construction of this project from the Puget Sound Regional Council (PSRC)-2015
  - \$5,000,000 for construction of this project from the Washington State Transportation Improvement Board (TIB)-2015-2017

**FUND:** CAPITAL PROJECT FUND - STREETS (307)

**PROGRAM:** Streets Capital Services

**PROGRAM STATEMENT:**

The capital side of the Street Program serves as a key resource for our community. This program is funded by Traffic Impact Fees (TIF). TIF revenues are receipted at the time of permit approval for commercial or residential construction. The proposed fee per equivalent residential unit (ERU, equates to one PM Peak Hour Trip) for 2016 is \$7,545. The program strives to enhance the City’s roadway infrastructure by utilizing the impact fees for capacity projects that mitigate the impacts of growth within our community’s city limits.

The Transportation Element of the City’s comprehensive plan sets the path for projects within this fund. The list of eligible projects is updated and changes annually. The City follows a six (6) year Transportation Improvement Plan (TIP) as required by WSDOT and provided by the Engineering Department to the Mayor and City Council for annual adoption. Capital projects are planning, acquisition, construction, or improvements of streets, lighting systems, traffic signals, bridges, trails, sidewalks projects as identified in the TIP.

**STAFFING LEVEL:**

Historically staff time has not been allocated to the capital project funds. The City had discussions during the 2014 budgeting process and Council supported the proposition that the capital funds should share the costs associated with implementation of projects, including the allocation of staffing time to the funds for project support. The theory is to show tracking and all costs associated with city capital projects including project management. In general, the Engineering Department staff (001.21) supports projects within this fund however with the Main Street project being a large focus and high priority for the City, we are allocating 0.72 FTE of one Project Manager to the fund to manage the project and moving it to its own capital fund (306) for ease of project tracking due to the size of the project budget.

**FUND:** CAPITAL PROJECT FUND - PARKS (308)

**PROGRAM:** Parks Capital Services

**PROGRAM STATEMENT:**

The capital side of the Parks program serves as a key resource for our community. This program is funded by Park Impact Fees (PIF). PIF revenues are receipted at the time of permit approval for residential/multi-family home construction. The proposed fee per equivalent residential unit (ERU) for 2016 is \$4,754. The program strives to enhance the City’s parks facilities by utilizing fees for capacity projects that mitigate the impacts of growth within our city limits.

The Parks and Recreation Element of the City’s comprehensive plan sets the path for projects within this fund. The list of eligible projects is summarized in the Parks, Trails and Open space document (PTOS). Capital projects are planning, acquisition, construction, or improvements of parks related projects as identified in the PTOS.

**STAFFING LEVEL:**

Historically staff time has not been allocated to the capital project funds. The City had discussions during the 2014 budgeting process and Council supported the proposition that the capital funds should share the costs associated with implementation of projects, including the allocation of staffing time to the funds for project support. The theory is to show tracking and all costs associated with city capital projects including project management. In general, the Engineering Department staff (001.21) supports projects within this fund, however with the Big Rock Park turf reconstruction project being a large focus and high priority for the City, we are allocating 0.20 FTE of one Project Manager to the fund to manage the project.

	2015	2016	2017
Total FTE (Parks Cap. Fund)	0.05	0.20	0.20

**ACCOMPLISHMENTS:**

- City staff have applied for and recently been notified that we have been awarded \$500,000 to help reconstruct the playing fields at Big Rock Park. The grant is from the Washington State Recreation and Conservation Office (RCO) and the funds will contribute to the project. The current “engineers estimate” including soft costs is approximately \$3,600,000. The City has cash resources saved up and we have contributions committed from:
  - Sno-Valley North Little League financial support (\$50,000)
  - Snoqualmie Valley Youth Soccer Association (\$50,000)

The project proposed to improve and expand Big Rock Ballfields including:

- Field turf conversion of field #'s 1 and 2
- Field striping for multiple sports
- Lights
- Walking path around perimeter
- and ADA access.

- City staff completed negotiating the acquisition of land for two parks identified within the PTOS in coordination with two current land use applications.

**EXPECTATIONS:**

- Continue to support the City’s capital needs with this fund.
- Continue to work proactively with our utility funds and Parks projects to combine projects for a higher realization of construction cost efficiencies.
- We anticipate a fairly large increase in residential construction in 2017 based on construction related private development projects underway in 2016 and the strong housing market in Duvall and on the Eastside. This increase should add to this funds balance providing additional resources to complete projects and enhance our community.

**OVERVIEW OF ONGOING AND PRESENT ACTIVITIES:**

- Continue to monitor funds and potentially add start working on construction projects:
  - Big Rock Ball Field turf reconstruction; fields 1 & 2.

**EFFICIENCIES IN 2017:**

- Continue to incorporate park projects with capital projects as appropriate providing construction cost efficiencies.
- Design and planned construction of field turf improvements at Big Rock Park on fields #1 and 2. This will increase usability and generate extra sporting events within Duvall (economic stimulation).

**FUND:** WATER FUND (401)

**PROGRAM:** Water Services (O&M)

**PROGRAM STATEMENT:**

The Water Service program serves as a key resource for our community. This program is housed within the Public Works Department and shares labor between parks, utilities, and streets programs. We are dedicated to providing the highest quality services for our citizens, city employees, business owners, and visitors. The program strives to enhance the City’s infrastructure, while maintaining a safe and reliable water distribution system. The operation and maintenance budget for the water division is funded from monthly water rates.

Water serve nearly 2,600 accounts, maintain thirty-nine (39) miles of pipe network within five (5) separate pressure zones, two storage reservoirs totaling 2.6 million gallons (MG), one pump station, three (3) pressure relief stations and twelve (12) pressure reducing stations. Much care and attention is taken to provide an efficient, clean and well cared for water distribution system.

**STAFFING LEVEL:**

Minor revisions to FTE distribution are proposed in 2017, however, no additional staff were added.

FTE'S	<u>2015</u>	<u>2016</u>	<u>2017</u>
Total FTE (Water Fund)	5.271	4.571	4.95

**ACCOMPLISHMENTS:**

- Staff installed three new primary water quality sample stands and 14 secondary stands.
- Directional flushing of water mains (to be completed).
- Completed all annually scheduled maintenance items:
  - Exercising hydrants, valves and pumps (to be completed).
  - Rebuilding Pressure Reducing Valves annually (2 per station for a total of 24 valves)
  - Reservoir inspections.
  - Water Quality reporting, annually.
  - Water Quality testing, weekly.
- Emphasizing preventative maintenance reduces the frequency of more costly reactive maintenance items over the long term.
- Maintained “Green” operating status with the Washington State Department of Health.
- Overhauled one (1) Variable Frequency Drive (VFD) at the pump station.
- Continued GIS mapping updates to aid in maintenance as well as tracking and inventory of the water system.
- Reconstructed the computer connectivity and access control hardware and software system making viewing and access to the terminals in the field more efficient.

**EXPECTATIONS:**

- Water mainline flushing. Eliminates odors, colors, debris and improves overall water quality in the pipe network.
- We anticipate a fairly large increase in residential building activity in 2017. Development will continue to add to the demands of the network requiring system reviews and inspections on a project by project basis as well as system wide modeling to confirm development can be accommodated.

**OVERVIEW OF ONGOING AND PRESENT ACTIVITIES:**

- Currently maintain:

Type	#
Hydrants	402
Pressure Reducing Stations	12
Pressure Relief Stations	3
Pump Station	1
Reservoirs	2
Valves	1,216
Water main (miles)	39

- Review all capital improvement plans and private development project plans.

**EFFICIENCIES IN 2017:**

- Keep equipment in good operating condition (Service truck, vehicles, and trailers) improving performance and lifespan.
- Work proactively to have efficient maintenance routines to save fuel and labor time.

**MANDATED PROGRAMS – FEDERAL AND STATE**

Implementation of state and nationally standardized codes including:

- EPA-National Drinking Water Standards.
- OSHA.
- Washington State Department of Health.
- Washington State L&I.

**FUND:** SEWER FUND (402)

**PROGRAM:** Sewer Services (O&M)

**PROGRAM STATEMENT:**

The Sewer program serves as a key resource for our community. This program is housed within the Public Works Department and shares labor between parks, utilities, and streets programs throughout the City. We are dedicated to providing the highest quality services for our citizens, city employees, business owners, and visitors. The program strives to enhance the City’s infrastructure, while maintaining a safe and reliable sewer distribution and treatment system. Staff is responsible for meeting all requirements and permits regulated by state and federal governments for plant generated air, effluent, and solids. The operation and maintenance budget for the sewer division is funded from monthly sewer rates.

The Sewer utility serves over 2,400 accounts and maintains thirty (30) miles of sewer collection pipe, six (6) lift stations, and the waste water treatment plant (WWTP). Much care and attention is taken to provide an efficient, clean and well cared for sewer system.

**STAFFING LEVEL:**

Minor revisions to FTE distribution are proposed in 2017, however, no additional staff were added.

FTE'S	2015	2016	2017
Total FTE (Sewer Fund)	6.157	5.757	5.89

**ACCOMPLISHMENTS:**

- Staff replaced all of the aged membrane trains ensuring another decade of clean effluent.
- Completed all scheduled maintenance items:
  - Influent / Effluent water quality testing and reporting, annually.
  - Influent / Effluent water quality testing and reporting, weekly. Including:
    - Ammonia (NH<sup>3</sup>)
    - Biological Oxygen Demand (BOD)
    - Carbonaceous biochemical oxygen demand (CBOD)
    - Dissolved Oxygen (DO)
    - Fecal-coliform
    - Nitrate / Nitrite
    - Ortho-Phosphate
    - pH
    - Total organic nitrogen and ammonia nitrogen (TKN)
    - Total Phosphorous
    - Total Suspended Solids (TSS)
    - Total Volatile Suspended Solids (TVSS)
  - Lift station inspections including generator start up, weekly.
  - Quarterly lift station inspections (major maintenance) and generator service.
- Emphasizing preventative maintenance reduces the frequency of more costly reactive maintenance items over the long term.

- Washer Compactor/Bandscreen repair and revisions.
- No accidents at WWTP.
- No sewer lift station overflows.
- No WWTP overflows off site.
- Updating the system map in GIS to aid in maintenance of the system as well as tracking and inventorying the sewer system.
- Received Washington State Department of Ecology 2016 Wastewater Treatment Plant Outstanding Performance Award.
- Treatment plant capabilities:
  - Currently = 1.3 million gallons per day (MGD).
  - Future = 1.75 million gallons per day (MGD).

**EXPECTATIONS:**

- To maintain an efficiently operating treatment facility and sewer collection infrastructure.
- Sewer mainline flushing. Eliminates back-ups and overflows in the pipe network (reduces claims).
- We anticipate a fairly large increase in residential building activity in 2017. Development will continue to add to the demands of the network requiring system reviews and inspections on a project by project basis as well as system wide modeling to confirm development can be accommodated.

**OVERVIEW OF ONGOING AND PRESENT ACTIVITIES:**

- Currently maintain:

Type	#
Lift Stations	6
Sewer manholes	711
Sewer main (miles)	30

- Dewatering of bio-solids and facilitation of shipping the bio-solids to an Eastern Washington beneficial use facility.
- Review all capital improvement plans and private development project plans.

**EFFICIENCIES IN 2017:**

- Continuation of semi-annual lift station, collection system and treatment plant cleaning and degreasing, semi-annual maintenance of emergency generators located at the treatment facility and lift stations and maintenance program for the treatment plant.
- Keep equipment in good operating condition (plant equipment, vehicles, and trailers) improving performance and lifespan.

- Replaced aging equipment at the WWTP in 2016 with new, more efficient equipment. The installation new Anoxic Zone mixers to reduce downtime and repair cost associated with the aged mixers in the basin.
- Added new roof to existing storage building and existing electrical building built in 1975.
- Repainted entire facility exterior.

**MANDATED PROGRAMS – FEDERAL AND STATE**

Implementation of state and nationally standardized codes including:

- King County Department of Health.
- NPDES.

**FUND:** STORM FUND (404)

**PROGRAM:** Storm Drainage Services (O&M)

**PROGRAM STATEMENT:**

The Storm Drainage Service Program serves as a key resource for our community. This program is housed within the Public Works Department and shares labor between parks, utilities, and streets throughout the City. We are dedicated to providing the highest quality services for our citizens, city employees, business owners, and visitors. The program strives to enhance the City’s infrastructure, while maintaining a safe and reliable storm drainage collection & treatment system. The operation and maintenance budget for the storm division is funded from monthly storm fees.

The Storm utility serves nearly 2,600 accounts, maintains approximately 53 miles of storm drainage collection pipes and ditches along with approximately 90 water quality treatment facilities (vaults, detention pipes, and ponds), and 1,600 catch basins. Much care and attention is taken in providing an efficient, clean and well cared for storm system. Storm program activities are driven in large part by increasing federal and state regulations requiring compliance with the Clean Water Act.

**STAFFING LEVEL:**

Minor revisions to FTE distribution are proposed in 2017, however, no additional staff were added.

FTE'S	2015	2016	2017
Total FTE (Storm Fund)	4.015	3.39	3.54

**ACCOMPLISHMENTS:**

- Completed final engineering design for the Parkwood Estates Pond Retrofit Project (to be constructed in 2017).
- Commenced work on the 2016-2017 Storm and Surface Water Plan update.
- To increase efficiencies, we began renting a vactor truck for one month instead of contracting work to a vactor service. While spending the same amount of money, this allows us to clean most all of the structures as opposed having a contractor clean half the system or less.
- Completed the annual inspection of ponds / vaults.
- Emphasizing on preventative maintenance reduces the frequency of more costly reactive maintenance items over the long term.
- Maintained National Pollutant Discharge Elimination Program (NPDES) permit through the Washington State Department of Ecology.
- Updated the previously created and mapped the entire system in GIS to aid in maintenance of the system as well as tracking and inventorying.
- Successfully obtained over \$100,000 in grant funding through the Washington State Department of Ecology for the design of storm drainage pond retrofits and LID projects.

**EXPECTATIONS:**

- Continued NPDES Permit compliance.

- Storm system catch basin annual cleanings.
- To maintain runoff treatment facilities and the storm drainage collection system infrastructure.
- We anticipate a fairly large increase in residential building activity in 2017 which should continue to add to the demands of the network requiring review and inspections on a project by project basis as well as system wide modeling to confirm development can be accommodated.
- Maintain vegetation at all storm drainage ponds at least once (not possible without summer helpers)

**OVERVIEW OF ONGOING AND PRESENT ACTIVITIES:**

- Currently maintain:

Type	#
Catch basins	1,600
Detention ponds (open)	30
Detention vaults and pipes (underground)	41
Storm pipes/ditches (miles)	53

- Properly dispose of catch basin materials and roadway sweepings. They are classified as hazardous (hydrocarbons, etc.) and must be disposed of appropriately.
- Review all capital improvement plans and private development project plans. Always suggest / begin a review with the hope of an open water quality pond being built. Open ponds cost a little more annually to maintain but will never cost as much as replacing an underground, reinforced concrete detention facility.
- When possible, dewater / decant materials at a designated water quality facility in Duvall allowing solids to be dewatered, saving trucking and disposal fees (weight reduces when dewatering).

**EFFICIENCIES IN 2017:**

- Continue to benefit from utilizing rental equipment operated by staff rather than hiring contractors for certain types of work. The utilization of the rental equipment allows us to clean more of the system than if we were to contract out the activity. This has proven over the previous two years to be completed more quickly year over year saving us more money and time than estimated.
- Continued in-house NPDES permit compliance activities.

**MANDATED PROGRAMS – FEDERAL AND STATE**

Implementation of state and nationally standardized codes including:

- Federal Clean Water Act.
- National Pollutant Discharge Elimination System (NPDES).
- OSHA.
- United States Environmental Protection Agency (EPA).

- Washington State Department of Ecology.
- Washington State Department of Labor & Industries.

**FUND:** WATER CAPITAL FUND (407)

**PROGRAM:** Water Capital Services

**PROGRAM STATEMENT:**

The capital side of the Water program serves as a key resource for our community and its continual growth. This program is funded by water connection fees, commonly called General Facility Charges (GFC's). GFC revenues are receipted at the time of permit approval for commercial or residential construction. The 2016 fee per equivalent residential unit (ERU, one single family residence) is \$7,349. The program strives to enhance the City's water system infrastructure by utilizing the facilities charges for system wide capacity improvements and replacement projects.

The six (6) year comprehensive water system plan sets the path for projects within this fund. The list of eligible projects is updated annually. The City follows a six (6) year plan as required by WSDOH and is provided by the Engineering Department to the Mayor, City Council and King County for approval.

**STAFFING LEVEL:**

The City does not account for staff time in this capital project fund. In general, the Engineering Department supports projects within this fund (001.21).

	2015	2016	2017
Total FTE (Water Cap. Fund)	0	0	0

**ACCOMPLISHMENTS:**

- Financed water capital improvement work associated with the Main Street South Safety Improvement Project (construction 2016-2017).
- Reconstructed the computer connectivity and access control hardware and software system making viewing and access to the terminals in the field more efficient.
- Began planning efforts to design and implement the engineering analysis for:
  - Reservoir Seismic Evaluations and Recommendations.
  - 2.2 MG reservoir inlet and outlet improvements.
  - Tolt 2 Tap replacement.

**EXPECTATIONS:**

- Continue to support the City's capital needs with this fund.
- Continue to work proactively with our utility funds / projects to combine projects for a higher realization of construction cost efficiencies.

**OVERVIEW OF ONGOING AND PRESENT ACTIVITIES:**

- Continue to monitor funds and add projects as appropriate.

**EFFICIENCIES IN 2017:**

- Continue to incorporate water-related capital projects with other city projects as appropriate providing construction cost efficiencies.

**MANDATED PROGRAMS – FEDERAL AND STATE:**

Implementation of state and nationally standardized codes including:

- EPA-National Drinking Water Standards.
- Maintain required licenses to run a municipal water system.
- Statewide DOH drinking water standards.
- Washington State Department of Health, drinking water standards.

**FUND:** SEWER CAPITAL FUND (408)

**PROGRAM:** Sewer Capital Services

**PROGRAM STATEMENT:**

The capital side of the Sewer program serves as a key resource for our community and its continual growth. This program is funded by sewer connection fees, commonly called General Facility Charges (GFC's). GFC revenues are receipted at the time of permit approval for construction projects including commercial construction or at final plat for residential / multi-family home developments. The 2016 fee per equivalent residential unit (ERU) is \$10,461. The program strives to enhance the City's sewer system infrastructure and treatment process by utilizing the facilities charges for system wide capacity improvements and replacement projects.

The comprehensive sewer system plan sets the path for projects within this fund. The list of eligible projects is updated annually. As the city grows, significant future projects will involve capacity related improvements at the Wastewater Treatment Plant (WWTP). It is expected that we will need to install the fourth (4<sup>th</sup>) treatment train in the next 5-10 year planning cycle. Current capacity should be adequate to a population of approximately 9,000 with ultimate build out providing process treatment capacity for a population of approximately 13,000.

**STAFFING LEVEL:**

The City does not account for staff time in this capital project fund. In general, the Engineering Department supports projects within this fund (001.21).

	2015	2016	2017
Total FTE (Sewer Cap. Fund)	0	0	0

**ACCOMPLISHMENTS:**

- Travelling Band screen / washer compactor revisions and repair and revision.
- Staff replaced all of the aged membrane trains ensuring another decade of clean effluent.

**EXPECTATIONS:**

- Evaluate plant expansion needs based on housing activity.

**OVERVIEW OF ONGOING AND PRESENT ACTIVITIES:**

- Continue to monitor funds and add projects as appropriate.

**EFFICIENCIES IN 2017:**

- Continue to incorporate sewer-related capital projects with other city projects as appropriate providing construction cost efficiencies.

**MANDATED PROGRAMS – FEDERAL AND STATE:**

Implementation of state and nationally standardized codes including:

- King County Department of Health.

- NPDES.
- Puget Sound Clean Air Agency.
- Washington State Department of Ecology.

**FUND:** STORM CAPITAL FUND (409)

**PROGRAM:** Storm Capital Services

**PROGRAM STATEMENT:**

The capital side of the Storm drainage program serves as a key resource for our community and its continual growth. This program is funded by storm drainage area charges. Storm revenues are receipted at the time of final plat for residential / multi-family home development. The current fee is \$1,914 per acre. The program strives to enhance the City's storm system infrastructure by utilizing the facilities charges for system wide capacity and replacement projects.

The comprehensive drainage plan sets the path for projects within this fund. The list of eligible projects is updated annually. Most projects identified over the past several years have been completed with grant funding. A funding strategy for this program should be reviewed and updated to provide a more reliable source of revenue.

**STAFFING LEVEL:**

The City does not account for staff time in this capital project fund. In general, the Engineering Department supports projects within this fund (001.21).

**FUND:** Utility Revenue Bond Debt Service Fund #410

**PROGRAM:** Bond Debt Service

**PROGRAM STATEMENT:**

The purpose of this fund is to redeem bond principal and make semi-annual interest payments on the outstanding utility revenue bonds. The utilities currently have two outstanding bond issues; the 2004 water tank bonds and the 2000 sewer bonds that were refinanced in 2011. The water bonds will be paid off in 2016 and the Sewer bonds will be paid off in 2018. Principal payments for Water are made in July with semi-annual interest in January and July. Principal payments for Sewer are made in November with semi-annual interest in May and November. The new sewer bonds were structured with a large payment due in 2017. The total bond obligations for principal and interest are shown below.

	2004 Water Tank	2011 Sewer

2018	0	\$ 138,375
<b>TOTAL</b>	<b>0</b>	<b>\$ 812,700</b>

**STAFFING LEVEL:** NONE

**ACCOMPLISHMENTS:**

- Refinanced the sewer bonds in 2011 and saved the utility over \$200,000 in interest over the remaining 7 years of the bonds.
- Earned an AA rating for the City Utilities in 2011

**EXPECTATIONS:**

- Pay the principal and interest when due

**OVERVIEW OF PRESENT AND ONGOING ACTIVITIES**

- Submittal of financial information each year for continuing disclosure per Municipal Securities Rulemaking Board (MSRB)

**FUND:** Utility Revenue Bond Debt Reserve Fund #411

**PROGRAM:** Bond Debt Reserve

**PROGRAM STATEMENT:**

The purpose of this fund is to maintain the required reserve balance for the outstanding revenue bonds. A reserve fund is required by the bond covenants and is currently calculated based on 10% of the issue price of the 2004 and 2011 bonds. The required reserve is currently \$261,500 and will decrease in 2018 to \$138,375 when the water bonds are paid off and be eliminated totally in 2019 when the sewer bonds are paid off. Interest revenue earnings in excess of the required reserve balance are transferred to the utility funds each year.

**STAFFING LEVEL:** NONE

**ACCOMPLISHMENTS:**

- Refinanced the sewer bonds in 2011 and saved the utility over \$200,000 in interest over the remaining 7 years of the bonds.

**FUND:** INTERNAL SERVICE FUND – FLEET & EQUIPMENT (501)

**PROGRAM:** Equipment Services

**PROGRAM STATEMENT:**

This type of fund is called an internal service fund. It is a shared fund used only for equipment (vehicles, mowers, typically purchases of items greater than \$5,000 each) and their maintenance. A benefit of this type of fund is that it clearly shows the amount of costs solely attributable to equipment and the resources necessary to maintain, repair or replace it. This is a fairly new fund for the city; and was initiated in 2011 for the purpose of amortizing replacement costs, maintaining a reserve, identifying the entire city’s equipment in one place, and allowing for funds for equipment to have their own account.

The city has become more responsible for funding replacement as well as proactive in budgeting for items. Every department and program within the city contributes its fair share based on FTE splits and the individual needs of the departments.

**STAFFING LEVEL:**

The City does not account for staff time in this fund.

**ACCOMPLISHMENTS:**

- Maintained required reserves of \$200,000.
- Enhanced surplus procedures attempting to maximize sales of surplus equipment while trying to spend a reasonably low amount of staff time to do so.

**EXPECTATIONS:**

- Staff manages the purchases of equipment and repair of equipment in an efficient manner.

**OVERVIEW OF ONGOING AND PRESENT ACTIVITIES:**

- Continue to monitor funds and maintain reserves.

**EFFICIENCIES IN 2017:**

- Continuing to utilize state bid and competitive bid processes.
- Purchase 2 Police Interceptors

**MANDATED PROGRAMS – FEDERAL AND STATE:**

Implementation of state and nationally standardized codes including:

- State law for surplus sales (RCW 39.33)

**FUND:** INTERNAL SERVICE FUND - Information Technology (502)

**PROGRAM:** Information Technology Fund

**PROGRAM STATEMENT:**

The Information Technology program is charged with operating and maintaining voice and data networks, providing on-going support for various enterprise and departmental systems as well as working cooperatively with departments to identify and adopt new technologies throughout all City departments.

Duvall currently maintains intra-site fiber runs to 6 sites, 12+ network appliances, 16+ physical and virtualized server environments, 60+ workstations\laptops\mobile devices\MDT, 8+ major software systems (116+ total), VoIP and facility security system. These systems require constantly monitor, patch, upgrade, reconfigure, and maintenance. Other related activities include governance, purchase, disaster planning and recovery, compliance audits for system integrity and security and regulatory policies.

**STAFFING LEVEL:**

Information Technology services are currently provided by the City of Snoqualmie.

**ACCOMPLISHMENTS:**

- Implemented Microsoft Surface Tablets for Council and Senior Staff
- Upgraded PMP
- Started Migrating File Services to New Servers
- Started Implementing New Print Server
- Implemented Centralized Patch Management Software

**EXPECTATIONS:**

- Establish a policy of sustainment.
- Provide visibility and transparency to all things technology.
- Maintain an effective and customer-centric policy when servicing technology requests.
- Fully fund, maintain, evaluate and adjust system replacement costs for all city departments as the environment changes.
- Support ad-hoc departmental projects as requested.
- Identify areas for improvement and seek to simplify processes within information technology.

**OVERVIEW OF ONGOING AND PRESENT ACTIVITIES:**

- Working with King County, Wave Broadband, King County Fire District 45, and Riverview School District to implement a resilient fiber network infrastructure that meets the City's needs and requirements and complies with the City's franchise agreement with Wave Broadband.
- Continuing review of technology services, equipment, and processes.
- Implementation of a comprehensive technology monitoring system.
- Establish technology equipment lifecycle budget and policy.

**EFFICIENCIES IN 2017:**

- Established and Implemented a Centralized Project Management Software.
- Upgraded ITIL Servicedesk Software to OTRS v5

**MANDATED PROGRAMS – FEDERAL AND STATE**

**FUND:** INTERNAL SERVICE FUND - BUILDING FUND (503)

**PROGRAM:** Building Maintenance Services

**PROGRAM STATEMENT:**

This type of fund is called an internal service fund. It is a shared fund used only for building maintenance, upgrades and repairs. A benefit of this type of fund is that it clearly shows the amount of costs solely attributable to building maintenance. This is a fairly new fund for the city; and was initiated in 2012 for the purpose of identifying within a consolidated budget line what it takes to operate city facilities in whole to provide a better understanding of that effort. Previously, it was very difficult to understand the resources necessary to maintain all of our facilities.

The city has become more responsible for funding maintenance as well as proactive in budgeting for items. Every department or program within the city contributes its fair share based on FTE splits and the individual needs of the departments.

**STAFFING LEVEL:**

The City does not account for staff time in this fund.

**ACCOMPLISHMENTS:**

- Repair of WRECK Center water damage and roof.
- Design and permitting for Visitor Center Stairs.
- Dougherty House Improvements (including donated time/labor).
- On-going updates to the previously completed Facilities Inventory and Summary.
- With the consolidation of all of the city buildings into one account it has increased efficiencies in many ways. Some examples are: consolidated purchasing procedures, minimized service providers, minimized scheduling repairs to buildings (fewer providers to track down), began specifying annual service contracts (already saved thousands of dollars on HVAC unit repairs alone) and streamlined billing.

**EXPECTATIONS:**

- Staff manages the facilities and their needs for repair in an efficient manner.

**OVERVIEW OF ONGOING AND PRESENT ACTIVITIES:**

- City buildings:

Building	age
City Hall	38
Comfort Station (Restroom)	2
Dougherty Farmhouse	127
Old Library (current Visitor's Center)	80
Permit Center @ WWTP	27

Building	age
Police Station	11
Public Works Shop	16
Railroad Depot	104
WRECK Center	77

**EFFICIENCIES IN 2017:**

- Continuing to utilize state bid and competitive bid process for services.
- Use of volunteer efforts as possible.

**MANDATED PROGRAMS – FEDERAL AND STATE:** N/A

**REVENUE GENERATED:**
