

Does the City Post Full Agenda Packets for City Council Meetings?

Yes we do! Since getting our new website, we have posted the full agenda packets for both City Council Committee of the Whole and City Council Meetings. These packets include all the documents and exhibits used for meetings. We recently updated our website to make them even easier to find.

(1) On the main City of Duvall webpage look for “Agenda Packets, Documents & Forms” then (2) click on “Mayor & City Council” (3) in the sub-menu you will see the “Packets” folder.

The screenshot shows the 'Washington' Document Center interface. On the left, a navigation menu lists various city services. Step 1 points to 'Agenda Packets, Documents & Forms'. Step 2 points to 'Mayor & City Council' under the 'Agenda Packets, Documents & Forms' category. Step 3 points to the 'Packets' folder within the 'Mayor & City Council' sub-menu. The main content area displays a list of folders and documents, sorted by date from oldest to newest. A red callout box points to the top of the document list with the text: 'Listed oldest to newest. Click here to get to most recent packets.'

Document Center

This Document Center is set up similar to a file explorer. Click on a folder to view the documents within. Some folders may have sub folders. Adobe Reader may be required to view some documents. www.adobe.com
