Re: Reciprocal Waiver Fee

Dear Mayor Kuntz:

We are in the process of updating our records regarding reciprocal agreements.

We do not currently have a reciprocal agreement with your city.

Since most of the information our appraisers need is readily available, and also beneficial to the city to provide it, most cities readily accommodate our appraisers requests. However, we have found that having a reciprocal waiver in place saves both time and audit questions. We have similarly provided information to jurisdictions at no charge.

The type of information our residential and commercial appraisal staff needs is copies of building permits, plats, annexations, comprehensive plan updates; also planning items such as zoning changes and sensitive area designations.

Since most of our discussions regarding these items actually occur with Finance and Planning Directors, I am providing courtesy copies to them.

Our legal advice indicates a formal resolution is not necessary. Therefore, you may simply counter sign this letter in the space provided and return a copy for our files.

If you have any questions, please contact my Chief Deputy Bob Roegner at 296-5113 and he will be happy to assist you.

In advance thank you for your cooperation and best wishes for a successful 1999.

Sincerely,

A handwritten signature in blue ink that reads "Scott Noble". The signature is written in a cursive style and is positioned above the printed name and title.

Scott Noble  
Assessor
